

CHARGES FOR BUILDING REGULATION APPLICATIONS IN FAREHAM AND GOSPORT BOROUGH FROM 1ST OCTOBER 2010

Domestic Extensions and Alterations

The charges for Building Regulation work are required to cover the cost of providing the service. There are two methods of establishing the charge for building works:

1. Standard Charges
2. Individually Determined Charges

The charges for the majority of domestic extensions and alterations are Standard Charges and are listed in the attached tables. If the charge for your Building Regulation work is not listed as a Standard Charge it will be an Individually Determined charge.

Application Types

- **Full Plans Applications** – Where detailed drawings are being deposited the plan charge plus VAT must accompany the application. The inspection charge will be invoiced after the first inspection.
- **Building Notice Applications** – This is an alternative option to submitting a Full Plans application. If you are making this type of application the Building Notice Charge plus VAT must accompany the application.
- **Regularisation Application** – For work that has already been carried out without Building Regulation consent.

Payment Details for projects in either Fareham or Gosport – Cheques should be made payable to 'Fareham Borough Council' Payment may also be made by cash, debit or credit card.

Reduction in Plan Charges

- Repetitive work may attract a reduction of 25%
- Multiple works – where for example a loft conversion is carried out at the same time as an extension multiple charges will apply but up to 50% reduction of the lower charge may be given.

Supplementary Charges – Where electrical work is carried out by a person who is NOT a 'competent person' registered with a Government approved self certification scheme an additional charge will be made as follows:

- Certificated notifiable electrical work £120 (£141 inc VAT)
- Non certificated notifiable electrical work £240.00 (£282.00 inc VAT)

Exemptions – works provided for the sole purpose of providing access, accommodation or facilities for disabled persons relating to dwellings and public buildings do not require any application charge.

STANDARD CHARGES-IMPORTANT NOTES

These charges have been set on the basis that:

1. The building work does not consist of, or include, innovative or high risk construction techniques.
2. The duration of the building work from commencement to completion does not exceed 12 months.
3. The design and building work is undertaken by a person or company that is competent to carry out the relevant design and building work.
4. There are no major variations to the project design and additional costs are incurred by the authority in respect of additional checking and/or inspection work.
5. Where work in connection with a controlled electrical installation, gas installation, solid fuel burning appliance or oil fired installation is not carried out by a person registered under a competent persons scheme to a domestic property the Council will charge additional fees as set out in category 5 above

If the project does not comply with all of the above conditions supplementary charges maybe incurred.

INDIVIDUALLY DETERMINED CHARGES

If the work you are carrying out is not listed as a Standard Charge, the charge will be Individually Determined. This method of determining the charge mainly relates to larger schemes and includes the following types of building work:

1. Domestic extensions with a floor area exceeding 100m².
2. Attached or detached garages with a floor area exceeding 100m².
3. Domestic alterations where the estimated cost of the building work exceeds £75,000.
4. Any other work not described in the Schedule of Fixed Charges.
5. A Reversion charge for all project types.

If your scheme requires an individual assessment of a charge, please contact Building Control Partnership on 01329 824823 alternatively email: bcpartnership@fareham.gov.uk.

We will be pleased to provide a competitive quote by return.
